REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, Prior Art fails to disclose of a private base station controller for providing a mobile subscriber with a complete path and assigning a vocoder in response to a request for an incoming or outgoing call to process the incoming or outgoing call, the private base station comprising an Internet interface connected between the high capacity IPC node board assembly and a LAN cable, wherein the Internet interface communicates with the private base station transceiver subsystem under the control of the call manager, transmits packet data received from the mobile terminal to the IP network, monitors installation or un-installation and function errors of the private IP exchange, and transmits monitoring results to a wire system manager in the call manager through an Ethernet port in combination with other limitations set forth in the respective claim.

Regarding claim 3, Prior Art fails to disclose of performing off-line booting by a ROM by downloading and storing a program from the call manager to the first memory and during on-line booting, transferring an on-line package from first memory to second and informing the IP network that the call manager is on-line booted in combination with other limitations set forth in the respective claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
